STORY CONSTRUCTION NEWS & VIEWS | WINTER 2017

Merry Christmas

FROM ALL OF US
AT STORY CONSTRUCTION

On November 1, 2017, Story welcomed employees, family members, clients, partners, and community members to our new location for the Ames Chamber Business After Hours.

Ames Chamber Ribbon Cutting at 2810 Wakefield Circle made it officially "home."

The Dick Johnson Community Room – a perfect venue for meetings, lunch-and-learns, and employee gatherings.

QR CODE READER INSTRUCTIONS: **Open** QR Code reader on your phone. If needed, open your mobile app store, search for QR code readers, and download the QR code reader to your phone. **Hold** your device over one of the QR Codes so it's clearly visible within your smartphone's screen. Your phone may automatically **scan** the code or you may have to **press** a button to snap a picture. Your smartphone will navigate to the intended destination. It only takes a few seconds on most devices. **ENJOY!**

The new reception area features elements of Story's heritage.

The reception desk is constructed of wood paneling from the Story office at 222 East Avenue.

The mural, designed by Woody Buck, was dismantled and moved from the 222 East Avenue office & reassembled here.

The open-concept space lends itself to easy collaboration among team members. Sit/stand desks also provide ergonomic relief to employees, while several "landing" spaces provide extra workspaces as needed.

The new conference rooms are named for past presidents of Story, giving a nod to all they accomplished for our company and the industry.
